- Iowa Accounting Society

## TECHNICAL SKILLS

---

- **Tools:** Python, SQL, Excel, Access, Power BI
- **Methodologies:** Data Modeling, Dashboards, Regression Analysis, Pivot Tables, Data Visualization

## PROJECTS

---

### Analyzing Home Football Game Attendance Based on Specific Factors

- Collaborated with classmates to properly complete the detailed regression model in Excel
- Utilized Excel for pivot tables, running the regressions, and analyzing the final regression
- Displayed full knowledge and understanding of regression data when presenting to the class
- Formulated conclusions from the data which would benefit universities and their profits

### Comparing Iowa and Iowa State's Powerhouse Football Programs

- Identified four specific KPI's to focus on and compare when analyzing football teams
- Analyzed football statistics within Power BI and invented an informative and easy-to-read dashboard
- Demonstrated persistence when searching for the correct graph to display specific information
- Simplified graphs using Power BI to enhance the final project for the reader

## WORK EXPERIENCE

---

### Primebank | Le Mars, Iowa

*Bank Teller*

Summer 2024

- Communicated thoughtfully with 50-100 customers daily preparing deposits, withdrawals, transfers, etc.
- Faced each transaction diligently to guarantee teller drawer was accurate
- Prepared detailed documents containing data about customers which were then processed by higher-ups

### Hy-Vee Pharmacy | Le Mars, Iowa

*Pharmacy Support*

January 2022-2024

- Paid close attention to detail to ensure proper release of prescriptions to 100+ customers daily
- Collaborated with technicians and pharmacists to ensure pharmacy was running smoothly
- Guided 5+ new employees with the computer software which improved workplace efficiency

### Family Sweet Corn Stand | Le Mars, Iowa

*Self-Employed*

Summer 2021-2023

- Interacted with and advised 20+ customers daily while encouraging feedback to improve business processes
- Analyzed prior year sales in Excel to recognize trends, plan for daily usage, and reduce waste
- Implemented a reusable bag marketing tactic to attract new and repeat customers which increased sales by 28%
